International Students outside an Exchange Program

Level of Education
To start the first year of a Bachelor degree, you must have validated second level studies. To continue your studies (as of 2nd year Bachelor or Master) you must prepare your student file which will then be examined by the educational commission of the faculty you have chosen to pursue your studies.

Level of French
The B2 level in French is recommended (please refer to the Common European Framework of Reference for Languages), and this must be proven with a certificate (TCF or DALF). The cost of the test for such a certificate is approximately 65€ and may be taken at an Alliance Française or approved language center.

You do not need the TCF or DALF certificate if:
- You are from a state where French is the official language or where secondary studies are completed mainly in French.
- You are a foreign student from a bilingual French section listed by the Ministries of National Education and Foreign Affairs.
- You have received the advanced diploma in French (DALF C1 and C2), the diploma of studies in French (DELF B2) or another language test that is officially of the same level.

Registration
In order to obtain your student card, you must pay a national fee. The amount of this fee is determined every year by the Ministry of Higher Education and Research and varies according to the degree and the existence of specific complementary contributions. Depending on your situation, payment for the French student social security scheme and complementary health insurance (optional) is added to the registration fees. This fee is retained by the university no matter the duration of the studies. The totality of these fees are paid in one go during the registration process.

The administrative registration process provides you with an official student status. It must be completed before the beginning of the 1st semester of the university year (September) and enables you to obtain your student card, Aquipass, and sit your exams.

› Residing abroad with a foreign second level qualification: “White file”
The deadline for your application is mid-January.

You are continuing your third-level studies (as of 2nd year Bachelor until Master year 2).
